Dear Stephen

**Re: Wildlife and Countryside Act 1981 – Section 53  
Claimed Public Right of Way at Barcombe Mills**

Thank you for your letter of 22 March 2018.

We confirm that we have no objection to the requested addition to the definitive map of the claimed bridleway at Barcombe Mills. However, we should be grateful if, when amended, the definitive map clearly shows the route of the bridleway as crossing the Ouse by way of the existing "Pikes Bridge", and not otherwise by way of the river itself.

We trust that this is as intended, but please do not hesitate to raise with us any queries that you may have.

We should be grateful to receive a copy of the final amended plan in order that we can record it on our GIS database.

Yours sincerely,
