Dear Natalie

I write on behalf of Mrs SJ Harcourt – Smith and the Folkington Estate to confirm we are working with Mr Carr and fully support his objections to the upgrading of the existing public footpath to a higher status and object to the other unproven rights claimed by Mr Smith in the RWO 207 application which we have seen.

We see no reason to depart from the Definitive Map which went through a democratic process and resulted in the extensive and useful ROW that are currently defined.

I assume you have records of the original Definitive Map process in this area and would be grateful for sight of a copy.

I would be most grateful if you would kindly keep me informed and copy me in on your reply to Mr Carr

With many thanks in advance

Oliver Harwood

Dear Natalie

Thank you for contacting me regarding this claim. It would assist me to determine whether we have any relevant material or comment to provide, if you can confirm the evidence that you are considering including that which the County Council may hold. I appreciate that you may not yet have undertaken that aspect of the investigation. When you have done so, I can consider what input is appropriate before the County Council makes its decision.

Best wishes

Stephen
