Subject: Re: Racecourse Definitive Map Modification Order

Dear Natalie

Thank you for your recent email. I must say I am surprised that you are going ahead with a Definitive Map Modification Order whilst my application ROW244 is still outstanding. I think it is highly likely that the current modification order will be opposed which is highly wasteful as with a little bit of lateral thinking and negotiation it should have been possible to come up with a solution that was acceptable to all parties. I believe the current proposal is a long way from being acceptable to the landowners.

In terms of land ownership, my wife has now sold her property at The Old Racecourse to [REDACTED]. I believe he has subsequently sold some of his land to a third party.
